

§ 17.140

advance, reimbursement for beneficiary travel expenses, reimbursement for home improvements or structural alterations, etc.). These procedures do not apply when other regulations providing reconsideration procedures do apply (this includes CHAMPVA (38 CFR 17.270 through 17.278) and spina bifida (38 CFR 17.904) and any other regulations that contain reconsideration procedures). Also, these procedures do not apply to decisions made outside of VHA, such as decisions made by the Veterans Benefits Administration and adopted by VHA for decisionmaking. These procedures are not mandatory, and a claimant may choose to appeal the denied claim to the Board of Veterans' Appeals pursuant to 38 U.S.C. 7105 without utilizing the provisions of this section. Submitting a request for reconsideration shall constitute a notice of disagreement for purposes of filing a timely notice of disagreement under 38 U.S.C. 7105(b).

(b) *Process.* An individual who disagrees with the initial decision denying the claim in whole or in part may obtain reconsideration under this section by submitting a reconsideration request in writing to the Director of the healthcare facility of jurisdiction within one year of the date of the initial decision. The reconsideration decision will be made by the immediate supervisor of the initial VA decision-maker. The request must state why it is concluded that the decision is in error and must include any new and relevant information not previously considered. Any request for reconsideration that does not identify the reason for the dispute will be returned to the sender without further consideration. The request for reconsideration may include a request for a meeting with the immediate supervisor of the initial VA decision-maker, the claimant, and the claimant's representative (if the claimant wishes to have a representative present). Such a meeting shall only be for the purpose of discussing the issues and shall not include formal procedures (e.g., presentation, cross-examination of witnesses, etc.). The meeting will be taped and transcribed by VA if requested by the claimant and a copy of the transcription shall be provided to the claimant. After reviewing the mat-

38 CFR Ch. I (7-1-16 Edition)

ter, the immediate supervisor of the initial VA decision-maker shall issue a written decision that affirms, reverses, or modifies the initial decision.

NOTE TO §17.133: The final decision of the immediate supervisor of the initial VA decision-maker will inform the claimant of further appellate rights for an appeal to the Board of Veterans' Appeals.

(The Office of Management and Budget has approved the information collection requirements in this section under control number 2900-0600)

DELEGATIONS OF AUTHORITY

§ 17.140 Authority to adjudicate reimbursement claims.

The Department of Veterans Affairs medical installation having responsibility for the fee basis program in the region or territory (including the Republic of the Philippines) served by such medical installation shall adjudicate all claims for the payment or reimbursement of the expenses of services not previously authorized rendered in the region or territory.

[39 FR 1844, Jan. 15, 1974. Redesignated at 61 FR 21966, May 13, 1996]

§ 17.141 Authority to adjudicate foreign reimbursement claims.

The Health Administration Center in Denver, CO, shall adjudicate claims for the payment or reimbursement of the expenses of services not previously authorized rendered in any foreign country except the Republic of the Philippines which will be referred to the VA Outpatient Clinic in Pasay City.

[39 FR 1844, Jan. 15, 1974, as amended at 45 FR 6938, Jan. 31, 1980. Redesignated and amended at 61 FR 21966, 21968, May 13, 1996; 74 FR 30228, June 25, 2009]

§ 17.142 Authority to approve sharing agreements, contracts for scarce medical specialist services and contracts for other medical services.

The Under Secretary for Health is delegated authority to enter into

(a) Sharing agreements authorized under 38 U.S.C. 8153 and § 17.240;

Department of Veterans Affairs

§ 17.148

(b) Contracts with schools and colleges of medicine, osteopathy, dentistry, podiatry, optometry, and nursing, clinics, and any other group or individual capable of furnishing such services to provide scarce medical specialist services at Department of Veterans Affairs health care facilities (including, but not limited to, services of physicians, dentists, podiatrists, optometrists, nurses, physicians' assistants, expanded function dental auxiliaries, technicians, and other medical support personnel); and

(c) When a sharing agreement or contract for scarce medical specialist services is not warranted, contracts authorized under the provisions of 38 U.S.C. 8153 for medical and ancillary services. The authority under this section generally will be exercised by approval of proposed contracts or agreements negotiated at the health care facility level. Such approval, however, will not be necessary in the case of any purchase order or individual authorization for which authority has been delegated in 48 CFR 801.670-3. All such contracts and agreements will be negotiated pursuant to 48 CFR chapters 1 and 8.

PROSTHETIC, SENSORY, AND REHABILITATIVE AIDS

§ 17.148 Service dogs.

(a) *Definitions.* For the purposes of this section:

Service dogs are guide or service dogs prescribed for a disabled veteran under this section.

(b) *Clinical requirements.* VA will provide benefits under this section to a veteran with a service dog only if:

(1) The veteran is diagnosed as having a visual, hearing, or substantial mobility impairment; and

(2) The VA clinical team that is treating the veteran for such impairment determines based upon medical judgment that it is optimal for the veteran to manage the impairment and live independently through the assistance of a trained service dog. Note: If other means (such as technological de-

vices or rehabilitative therapy) will provide the same level of independence, then VA will not authorize benefits under this section.

(3) For the purposes of this section, substantial mobility impairment means a spinal cord injury or dysfunction or other chronic impairment that substantially limits mobility. A chronic impairment that substantially limits mobility includes but is not limited to a traumatic brain injury that compromises a veteran's ability to make appropriate decisions based on environmental cues (i.e., traffic lights or dangerous obstacles) or a seizure disorder that causes a veteran to become immobile during and after a seizure event.

(c) *Recognized service dogs.* VA will recognize, for the purpose of paying benefits under this section, the following service dogs:

(1) The dog and veteran must have successfully completed a training program offered by an organization accredited by Assistance Dogs International or the International Guide Dog Federation, or both (for dogs that perform both service- and guide-dog assistance). The veteran must provide to VA a certificate showing successful completion issued by the accredited organization that provided such program.

(2) Dogs obtained before September 5, 2012 will be recognized if a guide or service dog training organization in existence before September 5, 2012 certifies that the veteran and dog, as a team, successfully completed, no later than September 5, 2013, a training program offered by that training organization. The veteran must provide to VA a certificate showing successful completion issued by the organization that provided such program. Alternatively, the veteran and dog will be recognized if they comply with paragraph (c)(1) of this section.

(d) *Authorized benefits.* Except as noted in paragraph (d)(3) of this section, VA will provide to a veteran enrolled under 38 U.S.C. 1705 only the following benefits for one service dog at any given time in accordance with this section:

(1) A commercially available insurance policy, to the extent commercially practicable, that meets the following minimum requirements:
